**CONSTRUCTION STANDARDS**

All exterior construction activity in the Del Webb Oak Creek Homeowners Association, Inc. must comply with the Covenants and Restrictions of the Del Webb Oak Creek Homeowners Association, Inc. The following summary is provided for convenience. It is recommended that you review the entire Design Guidelines.

**PRECONSTRUCTION**

After the Lot Owner has received ARC plan approval, the following requirements must be satisfied before site preparation, materials delivery and construction may commence:

**Signs:** No sign or advertisement of any kind, including, without limitation, those of realtors, contractors, and subcontractors, shall be erected within Del Webb Oak Creek without the prior written consent of the Board of Directors.

**Deposits:** Owner/Applicant is required to make a deposit of \$1,000 with submittal of plans for approval and shall indemnify the Association for damages to Association or neighboring lot property during construction. If the alteration is for a pool the Contractor is required to make a separate deposit of \$5,000 as its bond in the event of damages caused by construction activity. Owner or Contractor liability may exceed these deposits. The deposit balance is refundable when the Association Manager confirms that all roadways, lake banks, sidewalks, landscaping and any other common areas are restored to the original state.

**Permit:** ARC approval **does not** preclude any requirement for building permits from the Lee County Building Department or other agencies. Your ARC Request for Modification must meet all applicable codes and permitting.

**Utilities:** Location of all underground utilities should be obtained from the respective utility companies.

**Sprinkler/Irrigation:** The owner is responsible for contacting the Association's current landscaping company for any modifications to the irrigation system before the construction may begin, and after completion to restore irrigation to their lot. Owner is responsible for all costs associated with the modification and restoration of irrigation for the unit.

**DURING CONSTRUCTION**

**Inspection:** The ARC or the ARC's agent may inspect construction in progress to ensure compliance with approved plans, and, if appropriate, report permit or code violations to the Lee County Building Inspector.

**Burning:** Fires are not permitted.

**Trash Disposal:** Owners and Contractors are responsible for control and removal of trash generated by construction activities. Care should be taken to prevent spillage in transit. The location of trash dumpsters must be approved by the ARC or the ARC's agent prior to placement within Del Webb Oak Creek Homeowners Association, Inc. At the end of each workday, materials are to be stored neatly and trash placed in the dumpster. The sidewalk, curb, and street in front of the construction site shall be kept free of dirt and debris. Contractors are responsible for repair of curb or sidewalk damage caused by trucks or other equipment.

**Neighbors' Rights:** All construction materials must be kept within the Owner's property lines. Use of adjoining properties for access or storage without written acknowledgement from the owner is **prohibited**.

2. The Contractor is required to keep the work site free of trash and debris and to keep the front of the home and street clean and free of trash, nails, and all debris daily. Materials delivered (such as pavers, concrete blocks, etc.) may NOT be placed on sodded or landscaped areas and must be removed immediately when their use is no longer needed.

10. A One Thousand Dollar (\$1,000.00) deposit for common area damage is required from any Owner doing any type of the following work: Driveway extension, patio additions, lanai extensions, pool/spa & screen enclosures or concrete work or ground excavation. The deposit balance is refundable when Association

Manager confirms that all roadways, lake banks, sidewalks, and landscaping are restored to the original state and all conditions of Approval have been met.

12. 13. Homeowner is responsible for contacting SSOCOF (Sunshine State One Call of Florida). Dial 811 or 1-800-432-4770, "Call before you Dig-it's the Law", to identify any utility lines or fiber optics in the path of excavation. Emergency Services to the community may be impaired or interrupted if lines are cut or damaged. Please allow 3-5 business days for response.
14. For projects that require access through neighboring properties, the Homeowner is responsible for providing written permission from neighboring Owner stating access through Owner's property is permitted. This permission must be submitted with the Application and prior to approval.
15. Contractors who consistently violate the conditions of approval will be **banned** from doing further work in the Del Webb Oak Creek community.
